NO. 71

## POLITICAL.

Crocker's last pet name for Roosevelt is "a wild concert." A Negro introduced Yerkes to one of his audiences in Louisville.

Nearly all of the Methodists of Crawford county, Ind., are for Bryan. "Jefferson took territory to avoid war; McKinley is making war to take territory."

Eugene V. Debs says he will not withdraw from the presidential contest in favor of any candidate.

B. A. Enloe has withdrawn from the race for Congress in the 8th Tennessee district. He was a bolting candidate. Richard Croker has \$200,000 bet on Bryan and has spent over \$100,000 of his own money trying to elect him.

William H. Evans was arrested in Indianapolis on the charge of attempting to bribe a democratic election officer.

At Hartford 3,400 people by actual count marched in a parade in honor of Gov. Beckham. The other speakers were Ollie James and Judge W. E. Settle.

The president of the National Association of democratic clubs offers a reward of \$1,000 for the arrest and conviction of any person altering to-day's election returns.

Congressman Gilbert, of Shelbyville, has been requested by the American Bar Association to write a short biography of the late Gov. Wm. Goebel, which he will do after the election.

The republican offers to bet immense sums on McKinley are looked upon as big bluffs. Mr. Stealey, the Courier Journal correspondent, wires from New York that the conditions indicate Mr. Bryan's election.

The republicans registered 700 ex-convicts at Louisville and 10 times that number will doubtless vote in the State. Take away their convict and Negro vote and there would be precious little left of the republican party.

The great republican parade in New York Saturday came off in the rain. There were about 70,000 people in line. Four States, New York, New Jersey, Connecticut and Pennsylvania, were represented in the parade.

Circuit Judge Tarvin says he will order the arrest of any Federal deputy marshal or any other person who endeavors to interfere with the election in Covington. A statement of similar import is made by Circuit Judge Hodge, of Newport.

Mr. Bryan says it is a fight between democracy and plutocracy in the nation. In Kentucky it is a fight between law and order and anarchy and chaos. There ought to be no question as to the outcome and there will not be if every democrat will do his duty.

In the last eight weeks Gov. Roosevelt has traveled 21,209 miles in 24 States and made 673 speeches to a total of 3,000,000 people. He broke all records, including that of Mr. Bryan four years ago, at which time Mr. Bryan traveled 19,000 miles and made 599 speeches.

Ellis Headley, a representative of the honest election league in Louisville, was arrested at Paducah on a charge of bribery. A receipt showing that he had paid to William Baker \$150 to be used in obtaining the defeat of Gov. Beckham and Congressman Wheeler was found on his person when arrested. Baker swore out the warrant for Headley's arrest.

Hon. C. J. Bronston said in his speech at Liberty Hall, Louisville: "Vote for Beckham. Under no circumstances endorse Taylorism. Taylorism is synonymous with assassination committed as a supposed political duty. No peace can come to Kentucky until the assassins of Goebel and the conspirators in the assassination are caught, convicted and hung."

Another republican lie has been naid. The editor of the Omaha Herald says that the charge that Mr. Bryan wrote the editorial complaining that the government was being dispoiled by the pensioners, who display remarkable longevity, is untrue. Mr. Bryan was not at the time it was published editor of the paper. The man who did write it, it must be confessed, struck the bull's eye, however.

Two hundred metal badges bearing the inscription "Deputy U. S. Marshal" have been turned out by a Louisville firm on the order of a republican and delivered to an employee of the United States marshal's office. The order was accompanied by a strict injunction of secrecy. The evident purpose is to use these badges in Louisville to-day to give a semblance of authority to republican "detectives" at the polls.

## A GREAT MEDICINE.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quickness which it effects even in the most severe cases make it a favorite everywhere. For sale by Craig & Hocker, Druggists.

## MATRIMONIAL.

The county clerk of Laurel issued six marriage licenses in one day.

Thomas Leasure aged 40, and Miss Lavene Hasty, 18, were married at Thomas Leasure's yesterday.

News comes from Hustonville that four members of one family are to be married before many moons wax and wane.

James Thompson and Miss Flora Herrin, of Livingston, were married at the residence of Rev. Martin Owens, Friday.

Miss Minnie Munday, one of Stanford's pretty and popular young ladies, will be married on the 14th to Mr. Artus W. Curd, of Mercer.

William McGuffey, of the Highland section, and Mrs. Martha McGuffey were married at Mr. W. S. Warren's yesterday. They were married three years ago, but separated.

Invitations are out to the marriage of John Bright, Jr., formerly of this place, but now of Grays, to Miss Lucile, the beautiful daughter of Dr. Burdett Ramsey, of Pains Lick, at 8 o'clock, Nov. 21st.

Mr. A. F. Hirsch, one of the clever proprietors of "The Globe," Danville, was married in Cincinnati last night to Miss Stella Lowenthal. Mr. H. showed us a picture of his future wife while in Cincinnati the other day and she is indeed a beauty. We congratulate him and wish him and his a long life full of happiness.

The engagement is announced of Mr. Graham Vreeland, of Louisville, and Miss Anne Crutcher, of Woodford county. Miss Crutcher is a charming and most attractive young lady. Mr. Vreeland is the staff correspondent of the Courier Journal, and his many friends unite in their congratulations to him. The wedding will take place Nov. 28th at the bride's home.

Amid a profusion of beautiful flowers, the strains of sweet music and in the presence of relatives and friends, Miss Lella Gooch and Mr. Morgan Fuitt Reddish, of Somerset, were united in the holy bonds of matrimony. The ceremony occurred at 8 o'clock p. m. at the Baptist church, that city, and was performed by Rev. W. A. Borum in an impressive manner. The floral decorations were as beautiful and tasteful as could be imagined. Under a beautiful arch of trailing smilax with ferns formed a background of living green, while at intervals were lovely cut flowers artistically arranged, consisting principally of roses, the purity of which was suggestive of the fair and happy lives to be united. Miss Nancy Waddle beautifully rendered Mendelssohn's march as the party entered the church. They were preceded by the ushers, Messrs. James Harvey, of Somerset, and Dennis Good, of Lexington. The bride is an unusually striking and handsome woman and was dressed in a stylish tailor suit of blue broadcloth, applique trimmings, with hat to match. The bouquet she carried was of bride's roses. Mrs. Reddish is the eldest daughter of Mr. and Mrs. E. S. Gooch. While possessing personal charms she also has the happy faculty of making and keeping friends, her rare womanly qualities and gentle disposition being recognized by all who know her.

Mr. Reddish is a young gentleman of sterling worth and has fine qualities. His name is synonymous with all that is upright and good. That he is worthy of his good fortune is the high praise that is his. The presents were exquisite. W. B. G.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by Craig & Hocker, Druggists.

Capt. W. J. Stone, who entered into a combine to beat Watt Hardin and squealed when he himself got beat, was one of the attendants at a Yerkes meeting in Louisville the other night and pledged himself to the republicans. It is a great pity that the captain hadn't had his head instead of his leg shot off.—Lex. Morning Democrat.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by Craig & Hocker, Druggists.

Tri-State Vehicle and Implement Exhibition. Low rates to Cincinnati. Tickets will be on sale via Queen & Crescent Route from all points between Moreland and Crescent Springs, trains Nov. 21st, good to return 22nd, account of above occasion. Ask ticket agents for full particulars.

## HUSTONVILLE.

On account of the election, the proposed Baptist protracted meeting has been postponed.

The Rev. Mr. Ziegler preached at the Christian church here Sunday morning and gave a temperance lecture there Sunday evening.

Mrs. John Dinwiddie and Mrs. Jas. Prewitt went to Bradfordsville Wednesday to see their sister, Mrs. Merritt Drye, who is quite ill.

Some prudent, far-seeing person, knowing that election time is coming on and realizing the continuous wear that the streets of the town will sustain before, during and after the election, deemed it necessary to lay a new pavement on the Southeast corner of Danville street.

Uncle John Armstrong has been surprised by Mr. Bert Shewmaker and a nice, new back with glass front and drawn by a pair of strong grays, now runs between Moreland and Hustonville. Uncle John and his boys were faithful servants, though there be but few among latter day Negroes.

The following young folks spent several hours very delightfully with Miss Mary Carpenter, daughter of Mr. T. L. Carpenter, at her pretty home Saturday evening: Misses Kate Baughman, Mattie Powell, Julia Stagg, Dollie Cabbell, Mary Crawford Carpenter and Messrs. J. H. Hocker, C. W. Adams, A. B. C. Dinwiddie, George P. Crowe, Collins, of Paris, and Dr. R. A. Jones, of Stanford.

R. H. Ortwein, of St. Louis, paid F. W. Blesse, of Mexico, Mo., \$6,500 for the saddle stallion, Rex McDonald.

The census shows that there are 9,000,000 less cattle, 4,000,000 less hogs and 3,000,000 less sheep than in 1890.

For sale, three fine Berkshire Poland China Boars, ready for use. Extra good ones. Hubert Carpenter, Stanford.

R. N. Rankin bought of John Crockett 10 mules at \$95 and of William Thomason 35 at \$65—Carlisle Mercury.

At Barton & Bell's sale in Bourbon Shorthorns brought from \$15 to \$300. New Forest Wild Eyes brought the latter amount.

LOST.—Four steers that will weigh 1,100, one a red stag, two red and one spotted. Left B. Chancellor's. Liberal reward. E. T. Pence, Stanford.

DEATH.—This is the record of the life of Shelby Benedict: He was born Dec. 28, 1813 and died last week. He was married to Ellen Yates July 20th, 1840, who was born in Boyle county near Danville. They raised 11 children to be grown, of which six are now living. He was a member of the Baptist church over 40 years; was as truthful and honest a man as ever lived; was a good father, husband and citizen, true to his principles and as a democrat, he never voted any other ticket during his life. F. R. COMPTON.

## STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Monroeville, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of 'Electric Bitters' she was wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, headache, backache, fainting and dizzy spells. This miracle working medicine is a Godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50c. Sold at Penny's Drug Store.

W. S. Taylor, the cowardly fugitive from justice, screwed his courage up the other day and actually came as close as Jeffersonville to the scene of his high crimes and misdemeanors. He was there to make a speech and doubtless was provided with a body guard and piled with stimulants to stiffen his backbone, which is not as stout as that of a chocolate toy baby, as Teddy said of McKinley's.—Lexington Morning Democrat.

## BISMARCK'S IRON NERVE.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every pore of brain and body. Only 25c at Penny's Drug Store.

During the fiscal year closing Oct. 31, 41 trusts were formed in New Jersey. Two have a capital of \$160,000, 000 and most of the others run from \$10,000,000 up.

## THE CAPITAL OF THE BLUE-GRASS.

Politics, Foot Ball, Killings, Etc.

LEXINGTON, Nov. 5.—The long drawn out battle is nearly ended and victory seems assured. From all parts of the country come the predictions of democratic success and if all signs do not fail in this long drawn out dry spell, there will be a land slide to Bryan and glorious success for Beckham. The party of assassination and other lawlessness has put up a desperate fight, realizing that it is a death struggle, but it will be in vain. A majority of Kentuckians will never endorse a party which openly approves the damnable acts of Taylor and his co-conspirators during the reign of terror at Frankfort last winter, but will vote to maintain order and for the enforcement of the law by casting their ballots for democracy's gallant young leader. There seems no doubt that Bryan and Beckham will carry the State by safe and sure majorities.

The campaign practically ended with Saturday night, but Proxy Yerkes and his managers realizing what we are going to do for them here will put in a final effort this afternoon, when he will speak in the Opera House, after a grand parade by the civil liberty clubs in their Khaki suits and headed by drum corps. They will make a big noise and think they are playing havoc, but as everybody knows that most of them are in the pay of the government and hired to put on a show of enthusiasm, little attention is paid to them, except by Negroes and small boys. Fayette gave McKinley a big majority in 1896 and added further to her shame by giving Taylor a good vote, but the prospects are that she will redeem herself to a great extent tomorrow.

There was another killing in town yesterday, making five since I came here in September. All were Negroes and all republicans, except the one killed Sunday, and such expressions among his race as "Dat nigger ought ter been killed." "All democrat niggers ought be in h—!" have been heard on all sides, made by members of his own race.

The foot ball game between the Centre and Central University teams drew a great crowd from Danville and Richmond Saturday, the club and their friends from the former place coming over in a special train of three coaches, each filled to the doors. There were lots of pretty girls with them, including those little beauties, Misses Mary and Elizabeth Reid, Steele Bailey, Alfred and Harry Higgins and Kendrick Alcorn also came along as "rooters." After a hard fought battle the game resulted in a tie, the score being 5 to 5, though Centre seems to have played the best ball. In the mix-ups that occurred Centre had three men hurt. Kelley had an ankle broken, Vinson an arm sprained and Yeager suffered a sprained leg. Each had to be taken off the field and their places filled. At night the two clubs got to scrapping in the Phoenix and were engaging in a general fight when the police took a hand and restored order. Several boys were hurt and several others would have been locked up if they hadn't begged so pitifully. The many sport seems to generate a spirit of brutality and ought to be suppressed.

The Democrat will receive the news of the election tomorrow night hot from the wires and from an instrument in its office. They will then be thrown by a stereopticon on a large canvass so that all who run may read the glorious tidings that now seem assured. The Democrat is one of the institutions now and its existence is no longer problematical. The directory spares no expense in anything that will advance its own interest and that of the democratic party, to which it gives an unswerving support.

The arrest of a highly respected white man and a colored man of good standing, in Danville Sunday, on warrants charging them with intimidating and bribing Negro voters, eliminates all elements of doubt about Yerkes' home county going against him. It was sure to do so anyway. This outrage makes assurance doubly sure. Mr. Yerkes realizes that he is a crooner.

## PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1. Every bottle guaranteed. Trial bottles free at Penny's Drug Store.

Green Golden, who is accused of complicity in the conspiracy to assassinate Gov. Goebel, instituted habeas corpus proceedings before County Judge Moore at Frankfort, and was allowed bail in the sum of \$5,000.

A lame shoulder is usually caused by rheumatism of the muscles, and may be cured by a few applications of Chamberlain's Pain Balm. For sale by Craig & Hocker, Druggists.

AS this issue of the INTERIOR JOURNAL falls from the press throughout the length and breadth of the land ballots are dropping in the boxes to elect a president of the United States and officers in several States. It is still our opinion that the democracy will win both in the State and nation. That Bryan and Beckham are the decided choice of the best element we haven't the slightest doubt, and, if they are defeated, it will be due solely to money, the root of all evil, which threatens to rule the people of the United States with a sway as despotic as that of any king that ever reigned. We have since 1776 regularly spent the 4th of July in jollification over the fact that we have entirely thrown off the regal yoke, but we have been deceiving ourselves. We are subjects yet, and money is king. This paper has no war to make on legitimate wealth. It abhors socialism above all things, but it likewise abhors a condition of affairs by means of which wealth can be accumulated improperly and concentrated in a few hands and made the virtual ruler of the country. It is daily growing more exacting in its demands and the problems it has for the future to solve will be far greater than any through which we have passed. The struggles to secure independence and to suppress the rebellion will be as child's play in comparison with the final conflict between capital and labor, wealth and poverty. In the great strikes of the past few years we have a slight indication of what we may expect. Organized labor, it is true, has done many unwise things, but few when the provocations are considered. It is but natural that the miner who toils day in and day out for a bare subsistence for himself and family should feel some resentment when the millionaire who is growing wealthier daily by means of his toil is unwilling to pay him sufficient remuneration to buy the necessities of life while he himself rolls in luxury. This is but one of many cases that might be cited by way of example. The republican party is and has ever been the hand maiden of money, ever ready, willing and anxious to obey its every command. When it is in power, money is in power and it is the most tyrannical of all tyrants. Some day the crushed worm will turn and that will be a time of woe. May the all-wise Providence avert this day of sorrow.

BARBOURVILLE people, who know the truth of the matter, are confident that the affidavit of Finley Anderson that he swore falsely in the Caleb Powers trial was wrong from him by dire and persistent threats against his life. Reputable witnesses say that Anderson made the same statement to them that he did on the witness stand, and are sure that Anderson neither got up the affidavit or willingly swore to it. It was procured by the republican campaign managers, and according to a dispatch from Frankfort, engineered by a brother of young Anderson, who is in the revenue service.

THE Bachelor Girls Club of Camden, N. J., the object of which was to discourage matrimony, has disorganized. So many of the members resigned in order to get married, there were not enough left to constitute a quorum. Whether or not marriage is a failure hasn't yet been decided, but it is certain that all efforts to prevent it are failures.

THERE was a pretty bitter clash between the State and Federal authorities in New York as to which should try defaulter Alvord for looting the First National Bank in which the latter gained its point. It would have been a good compromise of the conflicting claims for both to have tried him, as the size of his stealing well merits double punishment.

MR. JOHN W. YERKES and Mr. John A. McCall, president of the New York Life Insurance Company, called on McKinley at the same time. We hope that association with the dignitaries of the land will not cause Mr. Yerkes to get too big for his kid gloves.

A TEXAN has sued 25 wealthy citizens of Waco for \$250,000,000 damages on the charge of unjustly causing him to be confined and detained in an insane asylum for two years. If he succeeds in his suit, he will be fairly well compensated for his injuries.

SPAIN is threatened with another Carlist uprising and affairs governmental in that country are in a topsy-turvy condition. While he was in the expanding business McKinley should have annexed Spain and given it a stable form of government.

LOOK at your watch, dear reader, and if 4 o'clock hasn't arrived, go to the polls and vote the democratic ticket, if you haven't already done so.

THE screen door trust, which couldn't conceal its dark acts by keeping out the light, has collapsed.

THE Louisville Commercial claims this district for Williams by 500 to 1,000. What that republican-assassin organ does not know about politics would fill volumes. By the way, Brer Gelatt seems to have been forgotten in the distribution of the fund over which Hanna presides. That or something else has caused him to drop two pages of his paper.

RICHARD CROKER says that the attack on Roosevelt at Elmira, N. Y., was made at the request of Roosevelt himself with the hope of securing votes, and that he is the monumental fakir of the age. As to the correctness of the first proposition we are not prepared to say, but the latter is the truth, the whole truth and nothing but the truth.

SOME officers of the French navy who have been on a visit to our naval school at Annapolis pronounce it the greatest institution of the kind in the world. Since the performances of our fleets in Manila Bay and Santiago Harbor, other nations are anxious to learn how we manage to do those things.

TAYLOR is awaiting the result of today's election with far more anxiety than ever a general did the outcome of a battle. In the words of Patrick Henry, it means for him liberty or death.

THE spell binders occupation is gone for a season and today 15,000,000 of people will get down to work. Every thing presages a glorious democratic victory.

DEATH.—Mrs. M. F. Dudderar, formerly of this county, died in a Louisville hospital Friday and was buried at Parkville Saturday. She moved from this county to Corbin several months ago.

TO FARMERS.—We will give you as much and as good flour as any mill per bushel for your wheat and you had better have it ground and put up before weevil and mice eat it up. J. H. Baughman & Co.

YERKES didn't think enough of Lincoln county to give her a speech and the voters should bear that in mind. Perhaps, though, our column of questions had something to do with his giving us the "go by."

As stated in our last issue, election returns will be received in the freight depot, where Agent J. S. Rice will have comfortable seats and where the news will be served hot from the wire. Admission 50 cents.

This office got out the Kentucky White Ribbon in less than two days last week, besides doing lots of job printing and other work. There are 22 columns of solid reading matter in the above edition and the paper is an unusually good one.

22,000.—Chairman James B. McCreary's last statement is that Kentucky's democratic majority will be 20,000. If you read this before the polls close and have not voted go at once to your precinct and by stamping in the circle under the rooster help make that majority.

COMPROMISED.—The Louisville & Nashville Railroad compromised with Mr. E. P. Woods for the damage done his daughter, Miss Susan Fisher Woods, by paying him \$3,000, the company also paying her doctor's bill amounting to \$400 and all attorney's fees in the case. It will be remembered that Miss Woods was run into by a freight while she and Mrs. Annie Engleman were crossing the track and that the former was badly injured.

DR. R. L. DAVISON came up to make a denial of the statement in our last issue that the republicans had a barrel of whisky in their headquarters and asked us to make an inspection of their rooms. While the report came "monstrous" straight we are willing to take the doctor's word for it and if we have done him or his party injury we are sorry for it. His party already has enough to carry and a barrel of whisky might have proven the straw that would have broken the back of the g. o. p. in this county.

OUR old friend, Mr. C. Butler Engleman, writes as follows from Palet Lick: Enclosed find money for another year's subscription to the INTERIOR JOURNAL, the best country paper in the land. It has been in our family every since the first issue was published more than a quarter of a century ago and it gets better every issue, and to do without it is an impossibility. I regret that it is not a daily instead of a semi-weekly.

The democrats here are all back in line except one and he has flopped over and gone to making republican speeches and holding love feasts with the Negroes at night, and to use the language of old preacher Bronston, when he met his son driving a bull in a buggy to town, is "going to hell as fast as he can."

FULLY 2,000 people attended the democratic rally at Brodhead Saturday and heard splendid speeches by Col. W. G. Welch and Hons. J. Mort Rothwell and Letcher Owsley. There never was a more enthusiastic and orderly crowd assembled and, judging from the interest taken, the party in that section seems to be cemented and will vote solidly for the democratic nominees today. County Chairman R. L. Brown, Executive Chairman W. C. Mullins, C. C. Williams, John W. Brown, Judge Williams, E. S. Albright, S. C. Franklin, J. H. Dunn, James Maret and others did all in their power to make the gathering a success and they succeeded admirably. It was a great day for democracy and good reports may be expected from old Rockcastle.

ROSA, little daughter of P. H. Davis, was badly burned about the face and breast Saturday. The little thing had gotten hold of a match, which set its clothes on fire. It was a narrow escape.

STRAW.—B. D. Holtzelaw has shipped to the American Strawboard Co., of Ohio, 16 car-loads of straw, for which he got \$3.75 per ton. He has a contract to furnish all he can at that price until July, 1901.

THE democrats of Boyle called the bluff of the republicans down there and made them take water by the wholesale. Charles Bruner, a prominent young democrat, and Sam Crowds, colored, were arrested at Danville Sunday by Deputy Marshal Con McCarty, charged with violating the Federal election laws. The warrant was sworn out by George Peters, colored, and they were taken to Lebanon, where they gave bond to appear for trial yesterday. In the meantime democrats had warrants issued for 20-odd republicans, some of them the most wealthy and influential citizens of the county, on a similar charge. The rads heard about this and knowing their guilt asked a conference with the democratic leaders and at that conference offered to have the trumped up case against Bruner and Crowds quashed if their political opponents would not have the warrants served on them. They further promised that in to-day's election there should be a free fight and no notice taken of the effort of democrats to secure the floating vote. An agreement was reached and Cashier George W. Welsh, of the Farmers National Bank, telephoned to Lebanon to have the proceedings against Bruner and Crowds stopped. It was a nice little game that the republicans in Mr. Yerkes' county tried to play, but the democrats there know a thing or two themselves and blocked it in the cutest kind of way. Last night Jesse C. Lynn and 25 others met Bruner at Junction City with a band and escorted him home, amid the wildest cheers. Bruner was borne in triumph on the shoulders of his admirers. Two more democrats, Mr. Rodde, of Boyle, and Mr. Burgin, of Mercer, were arrested yesterday and taken to Lexington, charged with bribing Negroes, but they will also be released after the example is made of them.

CIRCUIT COURT convened yesterday with Judge M. C. Sauley presiding. The first thing on docket was the impaneling and instruction of the grand jury. The judge delivered a comprehensive and able charge. He called the especial attention of the grand jury to their duty to examine the accounts of those officers who collect funds for the State. He had information that there had been some dereliction of duty along this line. His instruction as to violations of the election law was forcible and full. The recent act of the Legislature known as House bill 19, makes it a felony to interfere with an election in any way. This embraces everybody, inclusive of Federal marshals. They have the right to attend the election if they desire to do so provided they behave themselves, but if they interfere with the election in any way and the State officers fail to arrest them for it, then the grand jury should indict the State officers for failing to do their duty. The following gentlemen compose the petit jury: H. F. Newland, A. C. Dunn, Chas. Dunn, W. T. Saunders, John Anderson, Crit Riffe, Joe Pleasants, M. F. Herring, C. A. Redd, G. R. Engleman, C. Vanoy, W. R. Kelley, J. B. Myers, Hugh Seargent, B. Chancellor, J. R. Hales, W. F. Camden, Dr. C. Fowler, Cleo Reynolds, Wm. Burton, Arch Snow, J. W. Gooch, W. P. Carson, J. S. Underwood, John Blain. The grand jury is as follows, with Mr. T. J. Hill foreman: H. G. Cummins, Tim Hutchinson, Reuben Engleman, Franklin Owsley, H. F. Martin, Joshua Wilson, Reuben Curtis, Dabney Davis, J. P. Hubble, E. E. Wright and C. L. Hensley. Judge Sauley adjourned court until tomorrow and the juries were ordered to return Thursday.

A BARREL of the finest open-kettle, New Orleans Molasses just opened at Warren & Shanks'.

THE Greenbrier Springs property, offered at public sale here yesterday, was taken down at \$350.

THE Lord is surely on our side. This fine weather of today means thousands more of democratic votes.

It's all over but the shouting and we do not mind telling our readers that the democrats will do that.

WE will save you money on cloaks ready made skirts and shirt waists, and give you the very latest styles. John P. Jones.

DR. C. M. THOMPSON telephoned us from Kingsville last night that he had reliable authority that two car loads of Tennessee Negroes had been dumped in the 11th district to be used in the election now being held.

SOMEBODY is going to get hurt if the INTERIOR JOURNALS are not handled with more care. Postmaster Camnitz writes that our Friday's papers did not reach Hustonville until Saturday morning and that our subscribers there are kicking like bay steers. There is no reason why the paper should not reach that point on the day of publication and we intend to find where and on whom the blame lies if we have to get a detective to do the work.

MCKINNEY.—A Somerset party will start up P. W. Green's old distillery near this place, in a few days. John A. Butler will move into the house recently vacated by Henry Tombs. Jeff Doolan will move into the house vacated by Mr. Butler. Dr. Lowder reports eight cases whooping cough in the family of Ben Lewis, near Highland. Will Cannon is back from Charleston, Ind. Mr. Watt Dudderar, of your section, spent Sunday here. J. H. Vanhook is back from Rockcastle and Pulaski.

HON. M. ABEL, of Covington, one of the most eloquent and entertaining German speakers in the country, addressed one of the largest and most enthusiastic audiences ever assembled in Otenhelm Friday night. He spoke in the large, vacant store-room of Coroner Wm. Landgraf and it was filled to overflowing, fully 100 people being unable to gain admittance. The crowd was variously estimated from 300 to 500. There was a grand torch-light procession a quarter of a mile long on horseback, men carrying huge banners and transparencies with appropriate inscriptions, "Down With the Trusts," "100,000 Standing Army, \$148,000,000 per Annum," "1896 Granulated Sugar 24 lbs. for \$1, 1900 13 lbs. \$1," "Remember Poor Goebel," "Tell My Friends to be Brave and Fearless and Loyal to the Great Common People"—Wm. Goebel: "Hurrah for Abe!" "Bryan, Stevenson, Beckham and Gilbert," "Coal Oil 9c in 1896, 15c 1900," "Republic against Empire," "Government by Assassination." There were crowds from Kingsville, Waynesburg, Crab Orchard, Preachersville and Stanford. Hon. R. C. Warren presented Mr. Abele in a neat little speech and he was given such an ovation that it almost took the roof off of the house. He spoke briefly to his American friends in English and then asked their indulgence while he addressed his fellow-countrymen in the native tongue. His speech was very forcible and at times most eloquent. He discussed imperialism, trusts and militarism at length and then he launched into State issues and the pictures he portrayed of the disgraceful proceedings at Frankfort last winter brought about by Taylor and his fellow-republican assassins were of the blackest type. He told his fellow-countrymen of how Fugitive Taylor surrounded the State buildings with his partisan militia, denying the civil authorities admittance; how he chased the members of the Legislature (he, Abele, being one of them) through the streets of Frankfort, preventing them from meeting anywhere; suspending the writ of habeas corpus; adjourning the Legislature to London, the mountain hamlet; denying the judges of the court of appeals to sit in their chamber; pardoning criminals indicted and charged with felony in advance of trial, &c. His arraignment was terrific of the republicans in general and said to save his life he could not see how any fair-minded and decent man could vote the republican ticket, whose candidate for governor indorses the "resolute and patriotic course" of that dastardly coward, Taylor, at Frankfort. The Germans tell us who heard him that it was a grand effort and did much good for democracy's cause. After Mr. Abele concluded loud calls were made for W. L. McCarty, who responded in a magnificent and telling speech and urged every democrat to go to the polls early and stay late and vote the straight democratic ticket by putting the stencil in the circle under the rooster and down that crowd of republican assassins, whose candidate for governor, Proxy Yerkes, indorses the "resolute and patriotic course" of Fugitive Taylor. Then Hon. R. C. Warren was called upon and made a short talk, urging all democrats to buckle on their armor and be at the polls to-day and to bring their neighbors with them and see that they put the X in the circle under the rooster.

### IN NEIGHBORING COUNTIES.

The principal portion of Rock Castle Springs was destroyed by fire last week.

Mrs. Young, wife of Contractor E. J. Young, of Nicholasville, is dead of consumption.

The game of foot ball between Centre College and Central University at Lexington Saturday resulted in a tie—5 to 5.

C. J. McLeary, proprietor of the Catching Hotel at London, was held in \$5,000 bond for killing his porter, Sam Rogers.

I. C. HULL, formerly clerk at the Tribble House, Junction City, has been engaged as manager of the Barker House at Somerset.

Father John Imhoff, pastor of St. Bernard's congregation at Clements-ville, Casey county, died in Louisville of typhoid fever.

Gill Boyle, of the Louisville Post, was arrested on the charge of killing quail. He had several in his game bag which he will pay \$25 apiece for. Mr. Boyle gave bond at the jail.

Mrs. Lillard, the aged mother of E. W. Lillard, of Danville, had her hip fractured at Lawrenceburg. She was in the speaker's stand while Hon. Robert Harding was speaking and it gave way.

### CHURCH MATTERS.

Rev. W. E. Furr, of Pineville, preached at the Presbyterian church Sunday.

Rev. Henry Faulconer has just closed a meeting in Shelbyville, which resulted in 29 conversions.

Rev. William Myers, of Asbury College, preached two excellent sermons at the Methodist church in the absence of Rev. W. E. Arnold, the pastor, who is holding a meeting in Bourbon.

Rev. R. R. Noel returned yesterday from Rockcastle, where he had been holding a two weeks' meeting at Scafold Cane. There was only one addition, but the church members were greatly awakened.

The Christian church here has called Elder J. W. Hagin to succeed Elder Frank W. Allen, who will return to Missouri about Dec. 1. Mr. Hagin has preached at Turnersville for a year or so and is an able expounder of gospel truths.

A second battle of Lexington is being fought, but it is the battle of Lexington, Kentucky. On the one side is the Morning Herald, British, with its old fashioned, smooth bore, muzzle-loading guns in charge of Col. W. C. P. Breckinridge. On the other side is the Morning Democrat, with its gatling guns, and its rapid fire guns and its Long Toms under command of Col. W. P. Walton. It takes considerable time for Col. Breckinridge to swab out and fire his old smooth bores, and then the balls describe parabolic curves beautiful to behold, but of such length that the troops aimed at have ample time to scurry out of harm's way. Col. W. P. Walton pours a quick, rapid fire—100 shots a second—straight into the ranks of the enemy, and the result is, the Morning Herald is daily shot full of holes—Cynthiana Democrat.

### Is Best.

ELLA WHEELER WILCOX.  
I know as my life grows older,  
And mine eyes have clearer sight,  
That under each rank wrong, somewhere

There lies the root of Right;  
That each sorrow has its purpose,  
By the sorrowing oft unguessed,  
But as sure as the sun brings morning,  
Whatever is—is best.

I know that each sinful action,  
As sure as the night brings shade,  
Is somewhere, sometime punished,  
Though the hour be long delayed;  
I know that the soul is aided  
Sometimes by the heart's unrest,  
And to grow means often to suffer—  
But whatever is—is best.

I know there are no errors  
In the great eternal plan,  
And all things work together  
For the final good of man.  
And I know when my soul speeds onward

In its grand, eternal quest,  
I shall say as I look back earthward,  
Whatever is—is best.

DEAFNESS CANNOT BE CURED  
By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

### Love's Cost.

We hear much of the sweetness of love, of the joy of loving, but it has another side also, and that is why it is forever the antithesis of selfishness—love costs. "Every love that enters the heart opens the door to sorrow." No pain can touch the one dear to us and we not suffer also; no danger can threaten and we not keep anxious watch. Every cloud that darkens that other sky throws its shadow across our sunlight. Every sin that stains the beloved soul hurts and aches in ours as if it were our own—aye, worse, for our own sins we may cast aside and seek pardon for, but who can repent for his brother?

Love's pain lies in its powerlessness. To long to bring relief and to be unable to suffer with, because we can not suffer for, to watch from without the battle we can not help to fight, and to share every heart-ache, disappointment and loss—this is the cost of loving. But only so does our human life grow deep, and take on worth and dignity. Only so can we ever be akin to Him who bore "our griefs, and carried our sorrows," who, "having loved his own," which were in the world, loved them"—through all their blundering, their blindness, their sins, "unto the end."

When surgeons wish to dissect the brain, they place it in alcohol, which hardens it so they can cut and handle it conveniently. The man who drinks alcohol is picking his brain in advance, and thus becomes so stupid in his mental faculties that only the most powerful stimulants, in large and increasing doses, will rouse him to any mental effort. The brain may be thus abused for a time, but at last it will take a most terrible revenge. Stupor, horror and despair drive the victim of appetite to the mad-house and the tomb.—H. L. Hastings.

After listening to a parliamentary candidate's fervid appeal, a shrewd old farmer was asked what he thought of the speech. His reply was, "Well, I dinna ken, but I think six hours' rain would ha' done us a deal mair guid."

To have what we want is riches, but to be able to do without is power.—MacDonald
